

Pessano – June 23<sup>th</sup>, 2022

**Subject : Directive 2011/65/UE e 2015/836/EU – Manufacturer Declaration**

We, Castel, hereby declare that all the products supplied to our customers are compliant to the Restriction on Hazardous Substances, as defined in the Directive 2011/65/EU (RoHS 2) and subsequent amendments of the Directive 2015/863/EU. These Directives repeal the existing Directive 2002/95/EC (RoHS) on the restriction of the use of certain hazardous substances in electrical and electronic equipment.

Specially Castel products:

1. Do not contain mercury, cadmium, hexavalent chromium, PBB, PBDE, DEHP, BBP, DBP, DIBP
2. Do not contain lead as an alloying element in aluminium.
3. Contain lead as an alloying element in:
  - steel within the limits of acceptability foreseen in the exemption 6a)-I of the Annex 3, extended by the EU Directive 2018/739 of March 1<sup>st</sup> 2018.  
proposed to European Commission further extension of this exemption until 21/07/2024.  
(see Pack 22 of Öko Institut e.V.)
  - brass within the limits of acceptability foreseen in the exemption 6c) of the Annex 3, extended by the EU Directive 2018/741 of March 1<sup>st</sup> 2018.  
proposed to European Commission further extension of this exemption until 21/07/2026.  
(see Pack 22 of Öko Institut e.V.)
