

HIGH CAPACITY 11L & COMPACT 4L ERRP

SAME RANGE, JUST BETTER

part of ASPEN PUMPS GROUP

Aspen Pumps Group is unique in its global reach, trading in over 100 countries worldwide.

However, Aspen is not purely an export business; it is a multi-national organisation with sales teams across the world with offices in 4 continents. Our continuous investment in people and warehouse infrastructure means we are a leader in the provision of service, quality and customer support. This approach to business means we have the most extensive and well supported wholesaler partnership network in the world.

The Aspen Pumps Group takes pride in its business performance, celebrating success in its core capabilities of Enterprise, Innovation and International Trade through winning Queen's Awards for each (2009, 2014, 2019).

Aspen Pumps Group - a global award-winning business.

ONE INVOICE, ALL THE PRODUCTS

SINCE 1992 OUR GOAL IS TO CREATE AND MANUFACTURE GAME-CHANGING PRODUCTS DESIGNED TO MAKE THE WORLD OF THE HVAC/R TECHNICIAN EASIER.

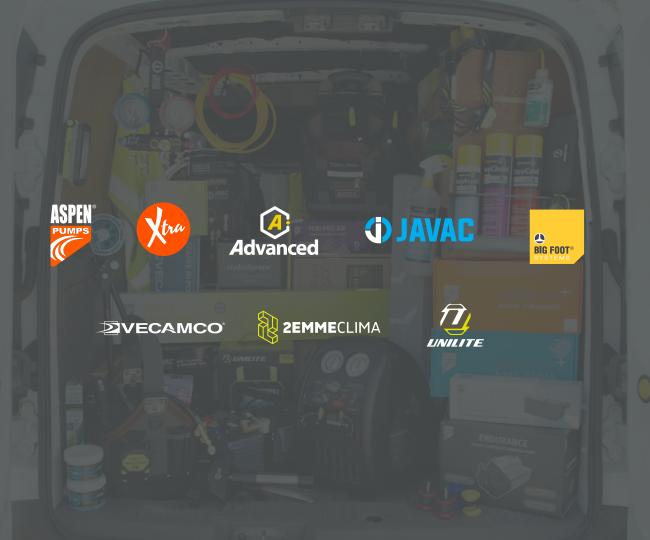

EVERYTHING IN THE INSTALLER'S VAN.

SUPERMARKET PUMPS

STRATEGIC SHIFT - WHAT DOES THIS MEAN FOR YOU?

APGs acquisition of Beckett Pumps and production shift to Beckett Industries China

means total ownership.

- New opportunities for growth and operational efficiency.
- Moving production of larger pumps to their state-of-the-art facilities.

KEY BENEFITS

Enhanced pump quality: Leveraging advanced manufacturing capabilities.
 Improved customer solutions: Delivering superior products with cutting-edge technology.
 Access to developed technology: Gaining a competitive edge through innovation.

CONCEPTION TO PRODUCTION – THE ULTIMATE IN PRODUCT OFFERING

SAME RANGE – JUST BETTER

Our offering consists of four pumps, with new names and part numbers to differentiate them from our existing range.

FP3550	Compact 4L ERRP Side Inlet	FP3552	High Capacity 11L ERRP Side Inlet
FP3551	Compact 4L ERRP Top Inlet	FP3553	High Capacity 11L ERRP Top Inlet

PUMP OVERVIEW

Low profile design: Compact at just 75mm in height. Lowest in the market for large capacity 11L supermarket pumps.

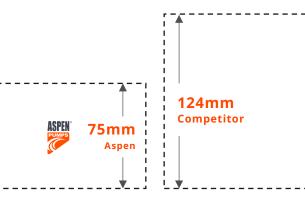

Power supply: The pump is SELV (Safety extra low voltage) at point of use. This is an inherently safer approach for environments prone to moisture & helps to make the pump compatible with flammable refrigerants.

Low voltage at point of use: Safe and efficient operation.

Flammable refrigerant compatibility (R32 & R290): Designed to minimise spark risk.
Biofilm protection: 2-stage internal copper filter to prevent growth and spread of biofilm.
Communication module compatibility: Modbus RTU (option extra: FP3555)

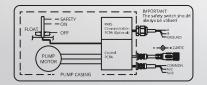

REFIGERATION 'VOIDS' ARE GETTING SHALLOWER. OUR NEW HIGH CAPACITY 11L ERRP HAS THE LOWEST PROFILE ON THE MARKET FOR A LARGE TANK SUPERMARKET PUMP.

Perfect for tight spaces and multiple units with large quantities of defrost water.

HIGH CAPACITY 11L ERRP

Large tank size yet with same low profile as our Compact 4L – just 75mm! Meeting today's demands of modern refrigeration units. Effectively pumping away defrost water and filters debris.

SPECIFICATIONS

Max. flow	230 L/h@ 0 head
Max. recommended head	35m
Tank capacity	11.1L
dB(A) @1m	60 dB(A)
Power supply	100-240V AC 50/60Hz
Rated	Non-continuous
Class	II appliance
Max ambient temp	40°C (104°F)
Inlet/Outlet	40mm in 10mm out
IP Protection	IPX4
Safety Switch	3.0A NC/NO
Thermal protection	Y
Flammable refrigerant compatibility	Designed to minimise spark risk
Equipment communication	Modbus RTU (option extra: FP3555)

PRODUCT OVERVIEW

part of ASPEN PUMPS GROUP

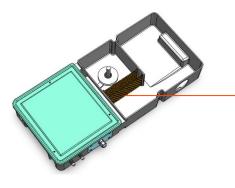

FEATURES & QUALITY AS STANDARD

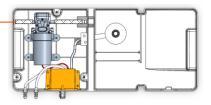

24VDC pump

Base flowrate for ERRP pump = 225l/h@0m Flowrate for LP ERRP pump = 190l/h@0m (achieved through PWM control of motor) — PCBA end Includes Modbus

PCBA enclosure (potted). Includes provision for optional Modbus RTU.

Ø10mm braided hose as per existing ERRP pumps

2 stage copper filtering as per current product

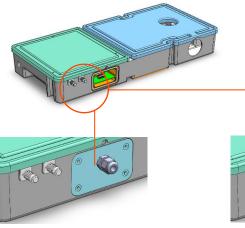

Use with our condensate tray microbial control Jally[®] Strip S010370

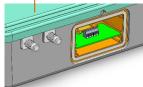

- 3. Modbus RTU plugged into socket in enclosure
- 4. Data wires passed through grommet & retightened.
- 5. Access hatch refitted.

with flammable refrigerants.

Product supplied with provision for Modbus RTU to be purchased separately & added at first installation or retrospectively.
